"In the Kimberley Diamond-mine owing to a mud-rush six natives were completely cut off by 65 feet of mud. An attempt was made to clear the mud away but a second rush took place, and it was decided that the only possible method of reaching the men was by working over the top of the mud and passing it back in small quantities. The men concerned, after most arduous labour – they could only work stretched on planks – succeeded in rescuing the miners who had been entombed forty hours. There was great risk of a further rush, which would have overwhelmed the workers. (30.1.09)."

END OF SALE

SALE CATALOGUES

On the average we issue twelve or more Coin Catalogues and three Naval & Military Medal Catalogues each year, some of which are usually of Sales of important Collections.

CATALOGUE SUBSCRIPTIONS

Sale Catalogues, frequently illustrated, are normally posted to Subscribers about three weeks prior to the date of Sale.

Lists of "Prices Bid" are issued after each Sale, thus giving at a glance a reliable guide to value. The final test of value must always be auction prices rather than the figures given in books of reference, for changing times and fashions soon render the latter obsolete and misleading. The Lists of "Prices Bid" will probably be enclosed in a following Sale Catalogue.

AIR MAIL POSTAGE

To allow subscribers resident outside Europe time to submit Postal Bids, Sale Catalogues will, if desired, be sent by Air Mail. Air Mail postage is not, however, included in the Subscription Rate and the cost must be borne by the Subscriber. In such cases a deposit against the cost is required.
